THE ANNUAL FARMERS' DAY ON SEPT. 11

This Big Meeting Will Be Held Instead of a County Fair.

As announced last week we will hold Farmers' Day September 11, and it is our aim to make it an annual affair. Owing to the condition of the roads and the torn-up streets in Louisa it was decided by the Farm Bureau not to hold a county fair this year, but Farmers' Day instead.

On Aug. 14th we had a splendid day for the farmers as will be evidenced by asking some of those who were present. Now we hope to have a much bigger crowd of people and by all means every member of the bureau is expected to be here Sept. 11th. Every farmer in the county is invited to come to Louisa on that day and mix with his friends, and hear some good speeches, and all who bring their dinner will spread on the lawn of the court house.

K. L. Varney, district agent, will be with us and will give us one of those good enthusiastic addresses of which he is capable and which we all enjoy.

We are preparing a display window in the Farm Bureau office and all farmers who have any product that is extra good or large that ought to be shown, please bring it in on Sept. 11th and leave it at the office where it will be placed on exhibition with the grower's name on it. Let's use this window to advertise our business.

The Farm Bureau office and rest room is being kept open daily from 8 a. m. to 4 p. m. and so far several women have used it, but we hope more will come around when in town. The Bureau will not be disposed to close it going unless the country women are going to use it, so call around and make yourselves at home when in town.

Remember the date, Sept. 11th, and let's all turn out and enjoy the day. All are invited.

J. G. BURNS, Sec.

Huntington Men Drink Deadly Bootleg Whiskey

The Huntington Herald Dispatch says Leon Maddox, of Ravenscroft, is dead, three men are in Huntington General hospital in a serious condition and another is critically ill at his home as the result of drinking "coroner's cocktail" while visiting the Lawrence county fair at Proctorville. All were employees of the Handley-Cadillac Company here, and had been granted a half-holiday to visit the fair.

The three men in the hospital are: Ray Smith, Charlie Miller and Gilbert Slack. Leon Ball is at his home where it was stated that he would recover. Slack and Miller were improving last night, but Smith was in a serious condition, as he refused to stay in the hospital when first taken there and went out for about two hours. Friends brought him back later, when he was suffering from extreme nausea and delirium.

None of the participants in the excursion would tell where the liquor was purchased. Police reports say that the men bought two quarts of alleged "bottled in bond" rye whiskey, labeled and bonded in accordance with laws existing before the 18th amendment.

YOUNG LADY IN CHARGE OF FARMERS' HEADQUARTERS

The Lawrence County Farm Bureau Home in Louisa is now under the charge of Miss Lon Chaffin, daughter of Mr. B. J. Chaffin. She is there every day to welcome the farmers and their wives and children. All who come to Louisa should call at this place, which is on Main street, the third building from the Louisa National Bank.

County Agent G. C. Baker has his office in the same building and he is always glad to see the farmers and discuss their problems.

The Lawrence County Farm Bureau is a live organization and will do much for its members.

DR. F. F. SHANNON HAS THREE INVITATIONS TO PREACH

Dr. F. F. Shannon, who is expected to arrive in Louisa before Sunday, has invitations awaiting him to preach at the M. E. Church, the Baptist church and the M. E. Church South on next Sunday. He can not accept all these for the two services, so we can not announce the program that will be arranged after his arrival. He may be here only one Sunday.

FITCH-HUDSON.

Mr. James Monroe Hudson of Oil Springs, Johnson-co., and Miss Tona Belle Fitch, of Richardson, came to Louisa Wednesday. They were married at five o'clock that afternoon at the Baptist church by Dr. Anderson and left soon afterwards for a wedding trip to eastern points.

Miss Minnie Stone has resigned the position she has held with the Lobaco Company for four years. The company regretted to lose her efficient services. It is rumored that she has a most excellent reason for retiring, but we are not at liberty to announce the happy event just now.

R. L. Vinson Appointed Campaign Chairman

The State organization at Louisville has appointed Mr. Robt. L. Vinson, of Louisa, as chairman of the Lawrence County Democratic Campaign Committee. The selection is a good one, as Mr. Vinson is a man of influence, energy, and wide acquaintance. Miss Margaret Lackey will act as secretary of the committee. She is an ardent suffragist and appreciates the extension of the ballot to women, and is entirely capable of handling the work.

MARRIAGE LICENSES.

Clarence Hale, 25, to Mattie Asche, 25, of Louisa, E. I. L. Wm. E. Sagraves, 29, of Willard, to Silva Skaggs, 16, of Lowmansville. Isaac Lawson, 25, to Elva Mickels, 21, of Estep. Arthur A. Williams, 21, to Cora Lee Chapman, 21, of Kenova and Kermit. James Monroe Hudson, 24, of Oil Springs, to Tona Belle Fitch, 22, of Richardson. Wm. Maynard, 30, to Rosa Duncan, 23, of Naugatuck, W. Va. Ova Lee Gussler, 19, of Louisa, to Bessie M. Loya, 20, of Blaine.

MORE BIG WELLS ON UPPER BLAINE

The Jim Skaggs well on Keaton, three-fourths of a mile west of former production, is one of the big wells of the field. It was shot a few days ago. The Union owns it.

Another good well that marks an extension of the field is on Oliver Wheeler, of upper Blaine, near the mouth of Coal creek. The casing parted when the well was shot Tuesday, but that trouble will be corrected very soon. This lease belongs to the Cumberland Petroleum company.

The Fugate company's No. 10 well is flowing, as are also two others on the same lease, the land of Dr. Rice.

The John Gilliam well is showing up along with the best of them. The company's wells are producing at a very satisfactory rate, as are also the P. P. Holbrook wells.

The well drilled on Len Hewlett, of Brushy, by the Ohio Fuel, has developed into a small producer. There is considerable gas and the company expects it to flow about two barrels per day. If it does this much on a test the company expects to drill another well on the place after a short time.

In the Louisa field the Ohio Fuel reports the following:

No. 4 on Joe Cyrus is drilling at 500 feet.

The second well on J. F. Daimond is being started by King & Kingery.

The fourth on Clem Short is just getting under way.

The fifth on Arthur Blankenship is drilling.

No. 5 on Thad. Ranson is being drilled.

No. 9 on Mrs. Hannah Lackey's farm, just completed, is a good well.

The Ken-Pa company has run four tanks of oil from the two wells on the Point opposite Louisa, from lands of J. H. Woods and Mont See.

Water is interfering with completion and test of the well on Mrs. Maggie Stamp three miles south of Louisa.

Johnson County Girl Found in Louisville

The Courier-Journal of a few days ago says:

Agnes LeMar, alias Soles, 19 years old, was arrested at Fontaine Ferry Park by Police Capt. Edmund Larkin and charged with contributing to the delinquency of a child, and disorderly conduct.

Captain Larkin alleges the woman brought Martha DeBoard, 15 years old, to Louisville to work for the International Sales Company, Kansas City, and the Periodical Sales Company, Chicago. He alleges the LeMar woman then deserted the child.

When interviewed at the jail the LeMar woman asserted she met the DeBoard girl in Ashland three weeks ago. She asserted she kept the child all night and then brought her to Louisville.

The LeMar woman said the DeBoard girl had made a threat to end her life on more than one occasion, at one time, she said, the girl went to the river after making threats of suicide, but later returned.

She asserts that the DeBoard girl recently had received a letter from her mother asking her to return home, saying that "there was no reason for her running around wild."

According to Captain Larkin, both women left the Willard Hotel Sunday night and obtained a room at the Louisville-Old inn Hotel. They left the hotel without checking out or taking their baggage.

Martha DeBoard's father, Kenis DeBoard, Offutt, Johnson county, was notified of his daughter's plight and left for Louisville. He is expected here this afternoon.

The girl is being cared for by Juvenile Court authorities.

SCHOOLS OPEN.

The public schools, Kentucky Normal College, and Lawrence County High School opened last Monday, with large attendance in all departments.

Coal Operators Summoned to Meet U. S. Officials

Coal operators from Eastern Kentucky were called to Covington a few days ago to submit to an investigation as to profiteering. Several dealers in Cincinnati were arrested last week. The operators have asked the Department of Justice to name prices that are considered fair, but this has not been done as yet.

The railroads are steadily improving the car situation and there has been a decline in prices in some of the fields. Up to this time the operators have not been fixing prices. The buyers have been offering the high prices voluntarily or in competition with each other.

Detectives Assault A Lawrence County Citizen

In McDowell county a few days ago Ed R. Austin, of this county, was assaulted and badly beaten by three Baldwin-Felts detectives. One of them is an employee of a mining company operating near the company employ-Austin.

From information which we believe we believe to be correct it was a very unwarranted and brutal affair. Mr. Austin is a native and citizen of Lawrence county. He owns a good farm here and is an honest and industrious man, never known to have any trouble. He has been working in the coal fields since wages have been so high there. He is near 60 years of age. His standing in his home county is high and his credit is good for any reason. From what we have learned of the case this is as bad as the outlaws on the other side are doing, and shows that the detective forces need sifting out and cleaning up, as well as the bad element amongst the miners. No matter which side they are on, the outlaws must be put out of business.

LOUISA WINS BALL GAME AT WILLIAMSON, W. VA.

Louisa and Williamson played an exciting game at the latter place on the 29th, resulting in Louisa's favor by a score of 2 to 1. Each team got 7 hits. Tavenner and Gwathmey did the battery work for Louisa and Walker and Purcell for Williamson.

REV. DR. SHANNON.

We were in error last week as to the time Rev. F. F. Shannon is expected to arrive in Louisa. He is driving in an automobile from Brooklyn and should arrive here about Friday evening of this week. He will be here only a few days, as the time is almost due for resuming his regular work at Central Church, Chicago.

MINGO COUNTY MAN ASSASSINATED

Because he answered a midnight call intended for his employer, Eve-ett R. Buchanan, 45, a laborer, Christian, Mingo county, W. Va., is dead today. Sid R. Ellis, of Mingo county, cousin of Sid R. Ellis, for whom the call was made, and a man named Perry, are in custody in Gilbert, suspected of participation in the murder.

Hi Ellis is under bond of \$2,000 to appear before the United States grand jury to answer charges of swindling. Sid Ellis of \$10,000, said to have been accomplished by a letter to which the name of Mayor C. W. Campbell was forged. He is also under bond to answer state charges of obtaining money under false pretenses.

Buchanan, who is employed in the general store conducted by Ellis, was asleep in a room nearest the road. A window commanding the road is at the foot of the bed.

There was no answer to the first call made by the killer. A second call was shouted; then a third. Awakening Buchanan rose to the foot of the bed and put his head out of the window.

"What do you want?" said he, drowsily. For answer, the man raised a rifle and fired. Buchanan fell backward into the bed. The man fled.

Aroused by the shot, Ellis ran to Buchanan's side. There were no witnesses to the murder.

While Mr. McNeely said that there was "but one man known to be implicated in the murder, Logan authorities said that three persons were implicated and that two of these, Ellis and Perry, had been apprehended. Nothing is known of Perry by the Logan authorities. He lives, they say, near Elk Creek. Both men were taken into custody near Gilbert Wednesday morning.

Ellis is said by private detectives here to have threatened the life of Sid Ellis following his arrest on swindling charges.

Buchanan was not married. He was a native of Mingo county. Surviving are two brothers, Millard and Walter Buchanan, also of Christian.—Herald Dispatch.

UNION MINERS AND U. S. TROOPS CLASH IN MINGO

Result of Attack by 200 Gunmen on Coal Company at Chattahoo.

Williamson, W. Va., Aug. 31.—United States troops, armed with machine guns, repulsed an attack by a party of unidentified men on properties of the Thacker Coal and Coke Company at Thacker late today, according to reports received from that point tonight. The disturbance at Thacker occurred when the assailants, concealed in the mountains, opened fire on the head house and tipples of plant No. 2 of the Thacker company.

The soldiers, stationed at Thacker, rushed to the scene, made their way into the mountains and sent several shots in the direction of the attackers. The firing then ceased. No reports of casualties were received here.

Federal troops who have been occupying Mingo county since last Sunday morning had their baptism of fire Tuesday morning when an organized band of 200 gunmen attempted a concentrated attack upon the plant of the Howard Colliery company at Chattahoo.

Special targets of the gunmen were the commissary of the company, where numerous loyal workers were gathered, and the homes of Superintendent H. V. Ingham and L. L. Tinsley, a company foreman.

The attack of the storming party was broken up by eight U. S. infantrymen, who charged up the mountainside and scattered the band which was taking refuge behind trees and boulders. More than 1,000 shots had been fired when the soldiers charged.

According to reports reaching here Tuesday, the attacking party was divided into two groups, one of which occupied the mountainside above the village, while the other poured into the town a cross-fire from the valley below.

The first burst of fire came without warning at a time when many of the workers were on the way to the mine. The eight troops on guard at Chattahoo immediately returned the fire and, after hundreds of shots had been fired, left their cover and charged up the hillside.

The attacking party, which is said to have numbered at least 200 men, turned and fled over the ridge, rather than shoot it out with the handful of troops.

Authorities are of the opinion that the attack was in retaliation for the arrest Tuesday of four men alleged to have assaulted Tinsley, a mine foreman. Sunday night, on warrants sworn out by Superintendent Ingham.

Colonel Burkhardt, in command of the troops, was in conference with county authorities, but no statement was issued from his headquarters, one mile east of Williamson. Unofficial information reaching here was to the effect that the shooting has brought declaration of martial law much nearer, although it had been hoped that this would not have to be resorted to.

An official bulletin has been issued by the United Mine Workers calling for the miners at Pond Creek, Ky., next Monday. This section, up to the present, had been little affected by the strike, which has been in progress for several weeks.

GEORGE JARRELL DIES FROM WOUNDS

George Jarrell, of Glenhays, W. Va., died a few days ago from the wounds inflicted by having been indicted by his son-in-law, John Ferguson, on July 24th. He leaves a widow and grown children.

It will be recalled by our readers that Jarrell was passing Ferguson's house and saw him beating his wife (Jarrell's daughter). He went in and ordered him to desist. Ferguson shot him twice and immediately fled. His wife left also, and it was reported that she went with Ferguson, leaving their two small children to be cared for by the grandmother, wife of the man who was shot.

ARRESTED FOR BURGLARY AND ESCAPED FROM JAIL

John Fitzgerald was arrested Monday upon a charge of burglarizing D. C. Spencer's store. His house was searched and some goods were found which it is said were identified as a part of those missing. He was placed in the city jail, but was not confined in a cell. With a piece of gas pipe he punched a hole through the brick wall and escaped within an hour or two, leaving about noon for West Virginia. He got across the river and has not been apprehended.

About thirty-five were present. Sandwiches, pickles, olives, ice cream, cake and coffee were served. The tables were arranged to form a star, and appropriate decorations were used.

Street Paving Work Is Going Right Along

Delay in putting the asphalt on Main Cross street has been caused by some bed foundation resulting from excavations for water and gas lines. The asphalt is here and an expert from the Kentucky Rock Asphalt company is supervising the work to insure a good job.

Slag is being put down on Madison street and the excavation has been completed on that street from Main Cross to the hill. The concrete curb and gutter is finished almost the entire length of that street.

The gas mains are being moved from the center of all streets to the side. Taps for the sanitary sewer are being made for all lots and this work should be done ahead of the contractor so as to avoid delays.

TOURED THE EAST.

R. A. Bickel and family have arrived at their home in Huntington after an automobile tour of the east, including Washington, Philadelphia, Atlantic City, New York, Albany, Rochester, Buffalo, Niagara Falls, a city or two in Canada, Cleveland, Columbus, etc. They were gone three weeks and had a delightful time. Mr. Bickel is one of the leading insurance men of the country, standing at or near the head of all agencies of the Home Life in the United States.

U. S. SOLDIERS IN MINGO COUNTY

500 REGULARS PLACED ON GUARD IN THE COAL FIELDS OF WEST VIRGINIA.

Camp Sherman, Chillicothe, Ohio, Aug. 29.—An emergency battalion composed of sixteen officers and 453 enlisted men under command of Col. Samuel Burkhardt, Jr., and Maj. Roy Ashbrook left Camp Sherman last night over the Norfolk & Western Railroad for Williamson, W. Va.

Colonel Burkhardt carried scaled orders, but it was understood the troops, selected from the 2d and 40th infantry regiments, would be distributed in Mingo county, around Williamson and Matewan, where yesterday's trouble between detectives and miners occurred.

Troops Heavily Armed. The troops were armed with regulation riot equipment, including machine guns, rifles and one-pound cannon.

Five motor trucks, one ambulance and several motorcycles were also loaded on flatcars and taken with the troops.

Will Guard All Mines.

Williamson, W. Va., Aug. 29.—A battalion of United States infantry, numbering between 400 and 500, under command of Colonel Burkhardt, arrived here this morning from Camp Sherman, Chillicothe, Ohio.

A detachment of soldiers will be stationed at each mine in the strike zone from Kermit east to Delorme, a distance of fifty miles. It was announced.

Colonel Burkhardt was met by T. M. Davis, Adjutant General of West Virginia, representing Gov. John J. Cornwell, who yesterday asked the Government for troops because of disorders in connection with the coal strike in the Mingo field during the summer.

They visited a number of points in the district and mapped out distribution of the troops. Of the sixty-five mines in the district twenty or more have remained open during the strike, according to operators.

Their presence was welcomed particularly, according to local authorities, in view of the approach of the trials of twenty-four men indicted for the killing at Matewan May 19 of seven detectives, the Mayor of the town and two other men in a battle between miners, citizens and private detectives.

Kentuckians Still On Guard.

The trials are set for the term of court here September 6. Since the grand jury investigation of the Matewan battle a number of witnesses in the case have received letters threatening their lives and property, according to a statement issued by Governor Cornwell last night, assigning his reasons for calling Federal troops.

One of the threats was carried into execution when Asse Hatfield was shot from ambush at Matewan recently, the Governor's statement said.

Kentucky National Guardsmen are still on duty along the Kentucky-West Virginia border on Tug river in the Mingo fields, and whether they would be recalled with the arrival of the Federal troops could not be stated.

Situation Reported Quiet.

The situation throughout Mingo county was reported quiet today. Martial law has not been proclaimed yet in the strike district, nor will it be, Colonel Burkhardt said, until occasion for such action arises.

Residents of Matewan and Williamson are said to have been relieved considerably by the arrival of the United States troops, owing to the frequent disturbances in the region during the strike.

Suicide of Girl In Ashland Hotel

Ashland, Ky.—With the body of the girl who died here a week ago at the Capitol Hotel identified as that of Miss Lucy Marlow Horton, college graduate of Winchester, Ky., authorities are endeavoring to clear the mysterious circumstances of her death.

Miss Horton had completed a summer course at Marshall College, Huntington, W. Va., where she was awarded a first-class teacher's certificate, and had intended teaching school this fall. After a short visit with a classmate at Union, W. Va., she and her relatives she would return home last Monday. They went to the train to meet her and when she failed to return thought she had decided to extend her visit.

She arrived here at 5 o'clock Monday morning and registered at the hotel as Elizabeth Dare, Madison, W. Va., going immediately to her room. At 10 o'clock there was a scream in her room. Hotel attendants who forced the door found her in a stupor on the bed.

A physician who asked her if she had taken poison believes she slightly nodded her head. She died a few minutes after he reached her. He attributed death to strychnine poison. She was pretty and modestly dressed. No note or poison receptacle could be found. Her purse contained \$7.50.

Miss Horton was a native of Raleigh, W. Va. Her father was killed when she was 5 years old. Mr. and Mrs. J. R. Calloway, Raleigh, then adopted her. Mrs. Calloway died several years ago. Since then the girl had lived with her foster sister, Mrs. Cordell, at Winchester.

The body was buried in the Ashland cemetery. Mr. Calloway indicated that no further investigation into the cause of the girl's suicide would likely be made but it is believed that her mind was unbalanced as the result of overstudy at Marshall college.

A Stranger Cuts Off A Walbridge Girl's Hair

Miss Shirley Ratcliff, age 15 or 16, suffered the loss of a beautiful head of hair when a stranger man sneaked up behind her and cut it off. This happened a few days ago near Walbridge, three miles south of Louisa. Miss Shirley is a daughter of J. W. Ratcliff. She was on her way to school with some companions when she discovered that she had lost a pencil. Going back alone some distance in the search a shower of rain began to fall and Shirley stopped under a large tree, leaning against the trunk. Suddenly someone took hold of her hair, which was hanging down her back. She screamed and a dirty hand was clasped over her mouth. This frightened her so badly that she does not know what happened until she was almost home, except that she saw a roughly dressed man disappear in the hills, wearing a soldier's slouch hat.

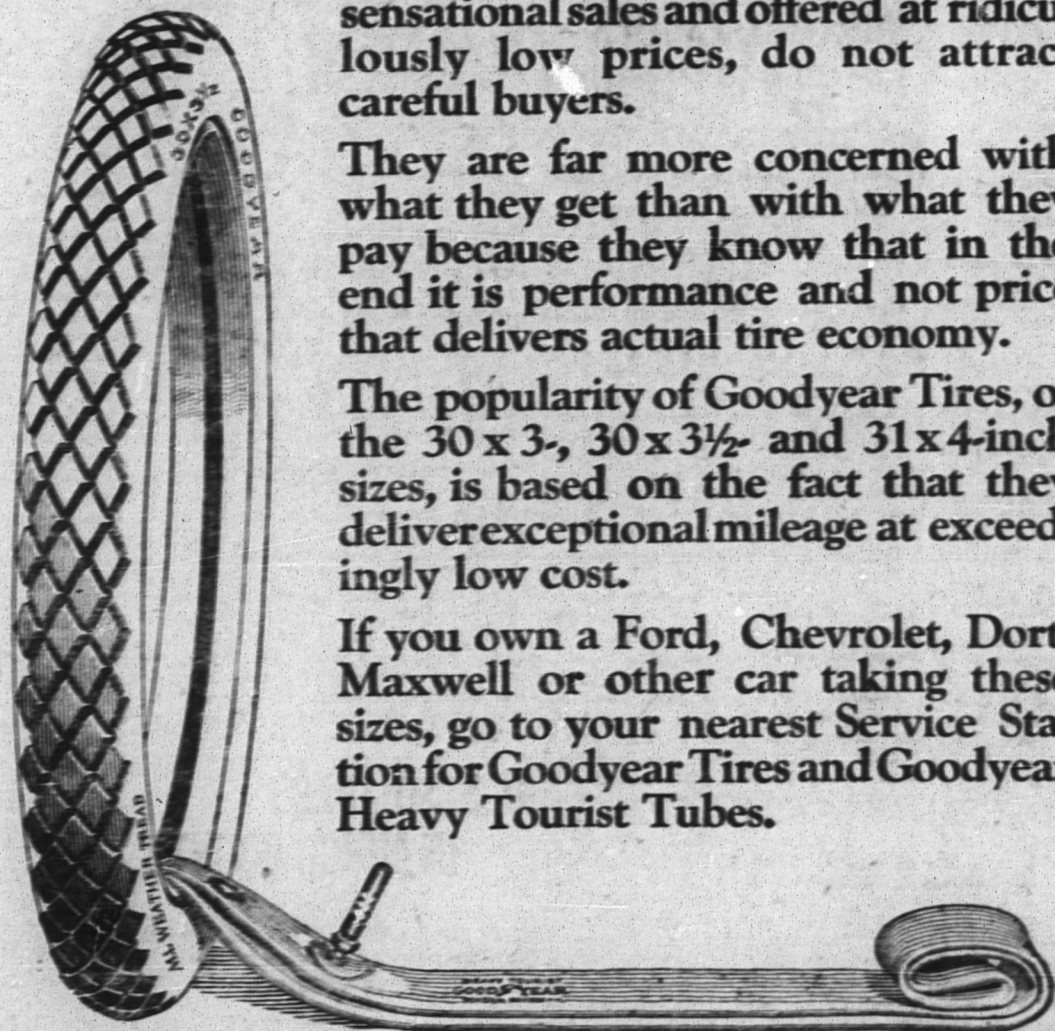

She did not know the hair had been cut off until she met a schoolmate who told her. The tresses cut from her head were found on the ground near the tree. Neighbors scoured the woods for the culprit and would have handled him roughly if caught.

Kennie Cyrus, of Pickerington, Ohio, was in Louisa Wednesday returning home from a visit to relatives at Blaine. With his family he came from there a few days ago, making the trip by automobile.

The Economy of Using Goodyear Small Car Tires

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50

GOODYEAR

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

THE FARM BUREAU.
All should be interested in this movement. It is for the advancement of our country. If we would stop and think, our country and community in which we live is what we make it.

The Farm Bureau people now have a rest room at Louisa, for our women and girls to go when in town. There you can wash and go on and do your shopping, feeling fresh like you had stepped out from home. A bed to lie down on if you feel like doing so. On the other hand any mother if she would go in could lay her baby on that bed, let it sleep, resting mother and baby too. If necessary she would be willing to pay her husband's membership fee, \$2.00 a year, out of the proceeds of her produce for some comfort when tired. Ask Mrs. John Vaughan, Jr., or Mrs. J. G. Burns if all this is not convenient for farm people.

I think our County Agent has a right to be proud of such men as L. E. Garrett, J. G. Burns and John H. McClure for officers. Lawrence county has plenty more as good men as these are, and if they would only get interested all would get pay for their time listening to speakers like Varney and Morgan. While listening you forget you have work to do at home. This movement means better schools, roads, and better markets for the farmer.

I hear some one say that the rest room is too small. All right, we all have to crawl before we can walk. So a lot more of you farmers come on and join the Bureau, all pull together, and we will enlarge that rest room. Let us all try to build up our country and the farm problem anyway so that our girls and boys will be contented on the farm.

MARTIN COUNTY CLUB WORK NEWS

PARNELL CRUM,
Field Agent in Club Work,
Daviess, Ky.

I have arrangements with Successful Farming, of Des Moines, Iowa, one of the largest farm papers published in the United States, to finance club work in this county to the amount of \$1,000. This farm paper is owned and published by our Secretary of Agriculture, E. T. Meredith.

I am endeavoring to organize boys and girls who are between the ages of 10 and 18 into pig clubs in cooperation with the Kentucky College of Agriculture and the United States Department of Agriculture in each community of this county. I want to secure a Pig Club at each of the following named communities: Oppy, Warfield, Inez, Job, Milo, Stillham, McClure, Laura, Prece and Pilgrim. I have already a club organized at my home community (Daviess) and have enough applications for a club at both Davisport and Turnahawk.

Under Successful Farming's plan of financing club work they loan the boys and girls money for their club project on the boy's or girl's own note for one year's time the note drawing 6 per cent interest. The parents of the boys and girls do not sign these notes, the boy or girl manages the pig according to directions furnished by the Kentucky College of Agriculture and the United States Department of Agriculture. The directions will be practically the same as furnished the boys and girls that secured the Duroc-Jersey pigs some few years ago when Emergency County Agent R. A. Hensley was with us. The boys and girls that secure these loans are also required to furnish reference from at least two merchants, the County Superintendent of Schools or their teacher and from myself.

The parties that recommend these boys and girls are in no way obligating themselves.

The pigs for club members will be of the Big Type Poland China breed only and the boy or girl that secures one will execute a note for \$18.00 and this pays for the pig delivered to Inez or probably into the community where the boy or girl lives. Each pig will be pure-bred and registered. So that we may be able to raise pure-bred hogs one boy or girl will be expected in each

of the above named communities to secure a male pig on this plan. Each male pig will cost the same as the girls and will be unrelated to the girls.

I am trying to perfect an organization of one Club Leader for each community. This Club Leader will secure club enrollments and hold monthly meetings with the club members. Each

boy or girl will be given a chance to attend a meeting of club leaders in Lexington with all expenses paid for the trip. I have spoken to several of citizens of this county in regard to taking up this work of Club Leader, but only two leaders who have produced results sufficient to be named as leaders yet are U. S. Hall, Davisport, for the Davisport Pig Club, and Walter Cline, Inez, for the Davella Pig Club. In addition to the above named privileges each club leader will be paid one dollar per month for his or her services.

At the price of \$19.00 each we can buy 52 pigs with the \$1,000. Of course I want to have a club of at least 4 club members at each of the communities named, but unless I secure a club leader and sufficient members who are willing to get a pig on this plan I can not do so and will be forced to place the pigs with the boys and girls of the communities where we have club leaders and the boys and girls who do want to secure pigs on this plan. Each postmaster of this county has a bunch of enrollment cards and the boys and girls who want to secure pigs should get cards and send in at once. Also any one desiring to undertake the work of club leader for their community should write me soon for I want to know at once just who I am going to place pigs with and who will be the club leader for the several communities.

As a further guide for club work there will appear from time to time in each issue of this paper as space can be given a general outline of club work.

"CAN'T RECOMMEND IT TOO HIGHLY"

MILLER WAS FORCED BY STOMACH TROUBLE AND RHEUMATISM TO GIVE UP HIS BUSINESS.

"Nothing ever helped me until I got Tanlac, and that's saying a good deal for I have been trying for eight years to get relief," said Robert Miller, 419 Market street, Louisville, Ky. Mr. Miller who was in the hardware business in Detroit for ten years, was forced to retire eight years ago on account of ill health, but is now feeling so well he is thinking of going back in business again.

"Yes, sir, for eight years before I began taking Tanlac I had suffered from rheumatism and stomach trouble," said Mr. Miller. "The rheumatism was principally in my legs and back, and was so bad I could hardly walk without a cane and if I stooped over the pain in my back was so severe it was all I could do to keep from crying out. My stomach was so badly upset nearly everything I ate hurt me, and I could not eat any solid food at all. I usually enjoyed my evening meal more than any other, but most of the time I dared not eat anything at all at that time, for if I did I would suffer from it all night long. I had lost so much weight and was in such bad condition I was greatly worried over the outlook.

"One day I read where Tanlac had relieved a man who described his condition as being similar to mine, so I decided to try it myself, and I am sure glad I did, for I am feeling better now than I have in years. My rheumatism is all gone, my stomach doesn't give me any more trouble, and I can eat anything I want at any time of the day or night and never have a particle of trouble from it afterwards. I sleep well, have gained several pounds in weight, and as I am still taking Tanlac I am picking up and feeling better and better every day. After what Tanlac has done for me I don't think I can recommend it too highly."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds.

PLENTY OF PROOF

FROM PEOPLE YOU KNOW—FROM LOUISA CITIZENS.

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Louisa, of people who can be seen at any time. Lead the following case of it:

J. W. Pinson, Lock Ave., Louisa, says: "My kidneys were weak and I suffered severely. My back ached and sharp, cutting pains darted through the small of it. I could hardly straighten after bending over and the kidney secretions were highly colored and irregular in passage. Doan's Kidney Pills cured me of the complaint and I have felt well ever since."

ANNOUNCEMENTS

We are authorized to announce CHARLEY EDWARDS as a candidate for the Republican nomination for County Court Clerk of Lawrence co., at the primary to be held in August, 1920.

Friday, September 3, 1920.

As will be seen by our news columns the situation in the Tag river, coal fields of Mingo and McDowell counties, W. Va., and Pike county, Ky., is more like Russia than America. Assassinations, destruction of property, outlawing of every kind is rampant. Striking miners and some brutal fellows serving as detectives are doing the dirty work. One element has the upper hand in Mingo and the other in McDowell. It matters not which side they are on, these Bolsheviks should be captured and landed in the jails and penitentiaries. 599 U. S. soldiers are now on duty there, guarding property and lives but there is no way to stop assassinations except by locking up every fellow who has shown the spirit of anarchy.

Look out for a lot of talk about a "World Court with Teeth," which is the latest alleged substitute for the League of Nations. The "teeth" is the power to back the decisions by the use of the armies of all countries belonging to the World Court.

That is simply the League of Nations with a full set of false teeth. It is planned and named to fool unthinking voters.

The Hague was a world court without teeth—a sort of a gun, affair—and it was a failure. Everybody knew it couldn't bite with its gums and therefore the nations that regard treaties as mere scraps of paper cared nothing about it. The League of Nations court, with 36 of the greatest nations on earth pledged to administer justice and prevent war, would accomplish this object because nations recognize its power and would not dare to ignore its findings. No nation will start a war unless it sees a chance to win. No nation could win against the league of 36 nations. No nation could win over the regular armies alone of these nations. For these reasons the League of Nations will prevent war and promote peace. It was planned by the greatest men from all over the world, after months of strenuous work. And yet some politicians would sacrifice it all for partisan gain.

WEST VIRGINIA POLITICS.

New York.—West Virginians in New York this week expressed themselves quite openly as to the political situation in their state. A majority of them seemed to believe that the developments in the Republican ranks within the last few days showed clearly that the warring factions would be unable to get together. In fact, they were drifting further apart, according to some of the visitors.

Montgomery's petition, filed before Judge Rummel, of the Kanawha County Circuit Court, against Morgan, the declared nominee, said a prominent Republican from the Pan-handle state, "Morgan's expenditures of more than \$10,000 by Morgan and his supporters in the primary elections in violation of the corrupt practices act of West Virginia."

"Names of contributors, as well as distributors, are given in the petition. It is, of course, not known what procedure in regard to the petition will be; nor the result. But those who understand the situation are convinced that Montgomery is in the fight to the bitter end, and he and his friends are determined, if possible, to prevent Morgan's election."

LABOR INDORSES COX.

Washington, Aug. 29.—Organized labor's nonpartisan political campaign committee, comparing the public records of the Republican and Democratic Presidential nominees, declared in a report made public today that Gov. James M. Cox had "shown himself possessed of a fuller understanding of the needs of the working people."

The report, signed by Samuel Gompers, president, Matthew Wolf, vice president, and Frank Morrison, secretary, of the American Federation of Labor, is the first ever made on Presidential candidates by a federative committee.

FIVE HELD UNDER BOND IN MINE STRIKE SHOOTING

Pikeville, Ky.—Andy Daniels, Dock Daniels, Frank Ferrell, Rose Matthews and Dock Wolford, charged with shooting during the recent strike trouble, were given examining trials and held pending the action of the grand jury. Roy Walden and Will Hall, who said they had been promised immunity for turning State's evidence, alleged the plan of attack was given them by Dock Wolford.

They with other witnesses gave evidence bonds were fixed at some variance implicating the five accused men, ranging from \$7,000 to \$10,000.

WONDERFUL SMILES.

LOWMANSVILLE

Children's Day exercises at this place Sunday were well attended and the Sunday School carried out their part of the program beautifully.

But the speakers from Louisa failed to turn up, which was a great disappointment to the people. The program in the forenoon was carried out to the letter, recitations and select readings by the children were just fine, and it was an illustration of what the Sunday School will do for the children.

Among some of the best pieces were "How People Read the Bible," by Mildred Chandler; "Don'ts," by Gladys Hulet; "On the Lord's Side," by Mary Opal Moore; "Two Little Hands," by Julia Griffith; "I Am God's Child," by Cora Hatfield; and "The Stormy Deep" by Effie Chandler.

The lesson by adult class "Relation of Brethren" was a wonderful lesson, showing by the Bible that God's people should be one, that they are bound together by the love of God, that they should have the same care one for another, and that there should be no divisions among them.

At noon a beautiful dinner was spread, and if any went away hungry it was their own fault. In the afternoon the time was taken up by singing and speeches by the following persons: Marion Young, Frank Preston, Henry Griffith, S. M. Chandler, S. F. Hanna and Frank Chandler.

Robert Hatfield read a paper prepared by M. F. Conley, who seeing that he could not be present, sent his paper by mail with a request that it be read; Mr. Conley gave a strong and forcible argument in favor of the Sunday School, showing the great possibilities that may be derived from it, taking actual facts as an illustration; showing that some of the greatest preachers in the United States today were brought up in Sunday School.

We hope that everyone present was benefited, and that all will take new courage and set a stronger resolution to do more for the advancement of the Sunday School.

Autumn's Dress Modes Are Charming

--an informal yet comprehensive showing of the most favored effects

Autumn's dresses are delightful in both mode and fabric. The lines are very graceful—many showing an adaptation of the fashionable redingote effect which gives emphasis to the slender silhouette. Sleeves are shown in three-quarter lengths and usually end in an attractively embellished cuff. The skirts receive much attention—accordion plaits, decorative panels and soft over drapes being frequently employed to increase their effectiveness.

Fashioned from Silk and Wool

There are models developed from crepe meteor, kitten's ear satin, crepe de chine, minuet and velvet, while those fashioned from wool offer a choice of tricotine, cheruit twill, men's wear serge, Poirer twill, Panama, duvetyn, veldyne and yalama. The colors show a preference for the dark, rich shades, which are the more effective when used in contrast to the bright-hued trimmings in vogue for Fall.

The lavish use of embroidery, beads, braids and metallic decorations impart an air of sumptuous beauty to many models, while others rely chiefly upon their simplicity of treatment for effect.

WOOL SWEATERS—New in Style and Colorings

We are showing the new Tuxedo effects and coat models in a variety of different weaves, and range of colorings.

DOUBLE WEDDING AT GREENUP.

The Ashland Independent says: The Christian church of Greenup was the scene of a beautiful and impressive double wedding at high noon Monday, when Miss Julia Bennett became the bride of Prof. Howard McWhorter, and Miss Marie Louise Bennett was united to Prof. John Shaw. The brides are sisters, and lovely cultured young women, daughters of Judge and Mrs. J. B. Bennett, of Greenup, and well known and popular throughout a great portion of the state.

The marriage took place upon the thirty-seventh anniversary of the wedding of Judge and Mrs. Bennett. Special arrangement had been made to have C. & O. train No. 2 stop at Greenup for the bridal party, and the two happy couples went east for their wedding trip. Upon their return it is understood Prof. and Mrs. McWhorter will live in Pollard, where Prof. McWhorter, one of the leading young educators of northeastern Kentucky, has charge of the schools as superintendent, a position which he fills with honor. Prof. and Mrs. Shaw will be located in Heiller, Prof. Shaw having charge there of the educational program of large coal interests.

OIL MEN TO HELP PAVE 18-MILE MOUNTAIN ROAD

Frankfort, Ky., August 31.—Eighteen miles of road between Paintsville and Salyersville, the shortest project in the State highway system, will be built with the aid of contributions from operators in the Johnson-Magoffin oil field.
David Browning, Paintsville, and Samuel J. Patrick, Salyersville, conferred with Joe F. Boggs, State highway engineer, today and arranged for a preliminary survey to ascertain the cost of construction. Unless the cost is prohibitive it will be a paved road, connecting the interior of Magoffin with the Mayo Trail at Paintsville.
It is now one of the most heavily traveled mountain roads in the State. Six-mule teams and even pull most of the loads of oil supplies and provisions.

FOUND.—Bunch of keys. Call at this office for information.

The KITCHEN CABINET

If you can talk with crowds and keep your virtue,
Or walk with kings—not lose the common touch;
If neither foes nor loving friends can hurt you,
If all men count with you, but none too much;
If you can fill each unforgiving minute
With sixty seconds' worth of distance run,
Yours is the earth and everything that's in it,
And—which is more—you'll be a man, my son!

SEASONABLE FOODS.

The early spring carrots combined with orange and lemon make a most delicious marmalade. Take three pounds of grated carrots, the rind and juice of two lemons and three oranges, three pounds of sugar. Cook until thick and of the consistency of marmalade. Seal as usual. The color is rich and flavor delicious.

Meringue Pudding With Almond Custard.—Beat the whites of three eggs until stiff and dry, add three-fourths of a cupful of sugar very slowly, and two tablespoonfuls of lemon juice drop by drop. Put in hollow mold, set into a pan of hot water and bake in a moderate oven twenty minutes. Turn into a glass dish and pour a boiled custard into the center, sprinkle with chopped almonds and serve.

Veal Oysters.—Cut lean veal into small-sized pieces and cook in boiling water to cover until tender. Season with salt and pepper. Dip in crumbs and egg, slightly beaten with a tablespoonful of water. Fry in hot fat.

Coconut Macaroons.—Take one cupful each of sugar, cornflakes and coconut; two tablespoonfuls of flour, a little salt, one teaspoonful of vanilla and two egg whites. Beat the egg whites until stiff, add the sugar gradually, then the coconut and cornflakes and flour, vanilla and salt. Mix lightly, not to lose the air incorporated into the eggs and drop by teaspoonfuls on a buttered sheet. This recipe makes two dozen small cakes. Bake in a moderate oven.

Cherry Olives.—Take large, firm cherries, wash them without stemming them. Pack into mason jars, half fill with water and fill the jars with a good vinegar; add one teaspoonful of salt to each pint jar of the cherries. Seal. These are fine in the winter, served with meats as a relish.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NO. 141

HOME CIRCLE COLUMN

UNANSWERED PRAYERS.

By Ella Wheeler Wilcox

Like some schoolmaster, kind in being stern,
Who hears the children crying o'er their slates
And calling, "Help me, master!" yet helps not.
Since in his silence and refusal lies
Their self-development, no God abides
Unheeding many prayers. He is not deaf.
To any cry sent up from earnest hearts
He hears and strengthens when He must deny.
He sees us weeping over life's hard sums,
But should He give the key and dry our tears,
What would it profit us when school were done
And not one lesson mastered?

What a world were this if all our prayers were answered. Not in famed Pandora's box were such vast ills
As lie in human hearts. Should our desires,
Voiced one by one in prayer, ascend to God
And come back as events shaped our wish,
What chaos would result!

In my fierce youth I sighed out breath enough to move a fleet,
Voicing wild prayers to heaven for fancied joys,
Which were denied; and that denial binds
My knee to prayers of gratitude each day.

Of my maturer years. Yet from those prayers
I rose always rejoiced for the strife
And conscious of new strength. Pray on, sad heart,
That which thou prayest for may not be given.

But in the lofty altitude where souls
Who supplicate God's grace are lifted, there
Thou shalt find help to bear thy daily load
Which is not elsewhere found.

One of the great inconsistencies of Christian people today is their intolerance of any religion but their own. No one has the right to judge or choose another's method of life or belief. Because our environment, our education, or our training has made a certain form of religion acceptable to us, these same qualities make it wholly unacceptable to others. There is a golden thread which runs through every religion and this is the thread which all are seeking. The differences in doctrines will make no difference to the Master and they should make no difference to us. Fundamentally most forms of religion teach the same thing, but sometimes they seem to fail in their mission. When we see two good old deacons of different churches very nearly come to blows over some slight difference regarding their form of communion service or baptism, we wonder how they can reconcile their actions with the teachings of their creed. The Pilgrim Fathers settled here that they might have freedom in religious matters. Let this tradition continue. Actions speak louder than words and a mere matter of creed is not going to get you through the pearly gates.

Unselfishness is the key to real religion. You need no creed or doctrine for that. Yet we have hundreds of thousands of churches in this broad land and hundreds of creeds but very few unselfish people—practically unselfish. That is because it is easy to build churches—it is easy to go to church but it is not easy to be really unselfish. To think of others before yourself is the most difficult thing in the world. Yet unselfishness can be practical as the managers of big business are learning. They have found out that in the degree that they consider their employees health and happiness in that degree will the employees increase the output of their product and the income of their pockets.

Yes, unselfishness is the key to real happiness. Yet some of us, instead of watching and overcoming our own unselfish traits are constantly attending to those of our neighbor—constantly running about trying to run God's world after man's idea.

"Within yourself lies the cause of whatever enters into your life. To come into the full realization of our own awakened interior powers, is to be able to condition your life in exact accord with what you would have it."

THE CARE OF SILK GARMENTS

Vigorous Brushing Will Mar Sheen of Fabrics—May be Dry Cleaned at Home.

In these days of the H. C. L. it behooves all to take the best care of clothes. Since one or two dresses must do the work of a half dozen in the present-day wardrobe, those dresses must be kept in the best possible condition.

It is easy enough to keep a wash dress looking crisp and fresh, but for silk it is a more difficult matter.

Never brush silks with a stiff brush, since too vigorous brushing will mar the sheen of the fabrics. Use a piece of velvet or a very soft brush.

You may dry-clean your silk garments at home if you are careful to use gasoline and other inflammable liquids cut-of-doors where there will be no danger of an explosion. It is advisable, however, to send the better frocks to the professional cleaner, since he has special appliances for this work.

For cleansing washable silk garments, use suds of a pure white soap or soap chips and cold or lukewarm water. If your white silk waives are washed in such suds, rinsed in water of the same temperature and wrapped in a bath towel to absorb the extra moisture, and then pressed with a warm iron, they will not turn yellow for a long time.

Silks should be pressed only with a moderately hot iron. Never place the iron directly upon the fabric. A piece of cheesecloth should be placed between the silk and the iron. In fact, the iron should be used as little as possible either in the making or afterward.

The dressing in new silk socks or stockings tends to make the threads break, hence they should be washed before they are worn.

You may often remove wrinkles from a silk dress by hanging it over a bathtub filled with water hot enough to make steam. The frock should then be hung to dry where nothing will touch it.

GREEN IS STILL IN FASHION

Color is Effectively Employed in Many Models Turned Out by Exclusive Milliners.

Green is still a fashionable shade, if one may believe what the modiste tells you. This color is effectively employed in the pretty model made of a combination of two tones of green. The hat proper is a small mushroom shape, the brim of apple green horsehair edged with a narrow band of light green organdie—the crown of the same soft organdie. A large fold of the green hair braid is swathed about the crown and fastened on the left in a large loop.

Another summery-looking shape is made of sapphire-blue horsehair, exceedingly shiny, trimmed with a wide ribbon of self-toned velvet. A lovely novel touch is given by the large, pale-colored rose hand painted upon the ribbon and placed directly in front. The shape itself is what one might call a version of the Napoleon style, the brim turned up sharply in front and back, the sides curving downwards in sweeping, jaunty lines.

We also see many Breton shapes. These are, so to speak, practically untrimmed. One charming little model is very youthful and becoming. It is a sort of saucer-shaped type, the brim rolling up smartly and gradually from the face a little higher to the left. It is combined in straw and taffeta, the latter material forming the crown and a narrow band about the brim. The sole trimming is an adorable cascade of taffeta and sapphire blue pinstriped organza ribbon to the left of the crown and placed sanely high, but close to the taffeta foundation. About the raised brim at the very edge runs an original lattice-work effect of the pinstrip ribbon, finishing in a wee bow at the back.

THE DAINTY CREPE CASSOCK

This dainty and winsome cassock is easy to slip on, yet it looks well.

Bridesmaids in Yellow Velvet.
A recent bride had her maids dressed in soft yellow chiffon—over frocks; it gave a delightful background of sunlight to her wedding on a dull day, and took off the chilly look rainy-day weddings usually have. Gold brocade toques completed the gown, which were as simple as possible, had long sleeves and only a band of brown fur round the shoulders for trimming.

FALLEN ASLEEP

Luther C. Ball, son of M. V. and
Lattie Ball, was born in Lawrence
county, Kentucky, on November 24,
1898, and died at Columbus, Ohio, Aug.
17, 1920. He was 11 years, 8 months
and 24 days of age. He had not been
well for some time, but because of his
love of play and his desire to visit his
grandparents in Kentucky, he kept go-
ing until it was too late. For when he
became too ill to continue at his play
the disease had gotten such a hold on
his young body that he could not be
healed. His last illness was of short
duration and the end came Tuesday
morning near 7:30 o'clock.

Luther leaves father, mother and
an adopted brother with many other
relatives and friends. All these will
mourn the unexpected departure most
deeply.

Luther was a moral American boy
with a strong heart and a spirit of
determination with which he met the
problems of life. If he had been of
less determined spirit and yielded to
the disease more readily there is a possi-
bility that he could have been healed.
So it seems in this instance that the
spirit which is so admirable in the
life of a boy proved his undoing. The

death of such a boy at such a tender
age is one of the mysteries of God.

The remains of this dear boy arrived
at Louisville on Wednesday, remained at
the home of Mr. Drew Adams until on
Thursday, were taken to the home of
his grandfather, Eliza Ball, near Adams,
Ky. On Friday his funeral was pre-
sided by Rev. Sylvester Ball under the
shade of the beautiful trees where he
had so recently played with many of
his relatives and friends while spend-
ing his vacation here. Many of his
friends were gathered to pay respect
to the departed one and listen to the
sermon that was so full of consolation
to his bereaved parents. Legarth Car-
ter prayed a very appropriate prayer.
The choir sang many beautiful hymns,
one hymn requested by the mother "I
will meet you in the morning." Many
beautiful flowers were sent from his
relatives, his school mates and his
Sunday School class.

Those who attended the funeral from
other points were Mr. and Mrs. Oscar
Ball, Mr. Leo Carter, Mr. and Mrs. Le-
garth Carter of Columbus, O., Mr. and
Mrs. Drew Adams and Mr. Roy Thomp-
son, of Louisville, Mr. Joe McKimster, of
Maitte.

After taking the last look on his
precious form the body was conveyed

to the burial ground overlooking the
home of his grandfather Ball and in a
grave lined with flowers was lowered
to its last resting place, there to await
the resurrection, and now our hearts
ache and are sad at times our grief
seems almost more than we can bear,
but our loss is Luther's eternal gain.

IN MEMORIAM.

In loving remembrance of dear
father, Harvey Hardin, who departed
this life July 25, 1920:

Papa's gone, but not forgotten.
Sweetest thoughts shall ever linger
Around the grave where he is laid.
We loved him; oh yes, we loved him.
But the Savior loved him more.
So the angels sweetly called him
To that bright and happy shore.
The golden gates were opened.
A gentle voice said "Come."
And with farewells unspoken
He calmly entered home.
It was hard to part with papa.
Oh, so sad to see him die;
But then we will try to meet him
Some sweet day by and by.

PIKEVILLE

Anderson Hatfield.

In the history of Pike county no more honest, upright or popular citizen lived than the Reverend Anderson Hatfield who died at his home on Blackberry Creek near Ransom, Ky., on March 6th, 1932.

He was born Sept. 25, 1835, joined the Primitive Baptist Church, July 5, 1852, was baptized by Elder John Ferrell, married Polly Runyon Aug. 2, 1855. He was ordained minister July 11, 1859, at Old Pond Creek church. There was born to them 15 children, one of whom died in infancy, the others all grew up to maturity. At the time of his death he had 118 grandchildren, 346 great grandchildren, and 14 great-great-grandchildren.

His wife Polly Hatfield died March 15, 1920, just nine days after his death, and just here I want to say no more pious, or exemplary person ever lived or died in our county than Aunt Polly Hatfield.

The Rev. Hatfield served as Assessor of Pike county one term, two terms as Magistrate and one term in the State Legislature. In all of these positions he brought honor and dignity and filled them to the credit of the county. In his death Pike county lost one of its best citizens and his family and church an honored and idolized member.—M. G. CLAY.

Mr. Raymond Ford, of Pikeville, and Miss Vivian Butler, of Ohio, were married August 1st. The announcements will be sent here later. Laporte, Ind.—"If lightning should strike this tent tonight how many would be ready for it?" the Rev. John Timber, evangelist, asked a congregation of Free Methodists crowding a tent at Springdale, near here.

The teachers at this opening service were present in numbers almost sufficient to fill the house. They entered heartily into the song service and seemed to be ready for any duty that might be assigned them. John Stephens was elected clerk and the institute set to work.

Throwing a Monkey Wrench Into the Machinery

Allowing eye-spectacles to go without correction is much the same as throwing a monkey wrench into the machinery. Often serious damage is wrought to

by such carelessness or neglect. An examination by our expert oculist, who is also a registered physician, will often reveal such disorders and make possible their correction before too late. Don't wait. See us at once.

Copley Acquitted in Wayne Court on Self Defense

George Copley, charged with the murder of David Bartram at Genoa five years ago, was tried in circuit court here last Wednesday and Thursday. Copley was acquitted of the charge, having entered a plea that he killed Bartram in self defense. W. T. Cain, of Louisa, assisted Chas. W. Ferguson in the prosecution, while the defendant was represented by J. S. Marcus, P. H. Nagler and J. H. Meek. The names of the petit jurors returning the verdict in the case are: Luke A. Smith, J. Frank Rutherford, M. D. South, Floyd Mathews, Virgil South, Buden Rutherford, E. W. Darr, Dewey Caraway, Frank Hatten, Lindsay Chadwick and Henry Wellman.

One hundred and three indictments were returned by the grand jury of the recent term of court, nineteen of which were for felony and eighty-four for misdemeanor.

In the case of State vs. Joe McKoski, the defendant was acquitted. In the case of C. C. Ryan vs. County Court, a verdict was given Ryan to the amount of \$25.52 damages.

Annie Smith, of Kentucky, charged with shooting her son-in-law Richard Fisher, was acquitted of manslaughter but found guilty of an assault and was fined \$20.00.

Lon Moore, colored, was tried for home breaking in Westmoreland, and for the fourth time the jury hung on the case. In view of the fact that evidence against Moore was lacking and also the fact that he had served a year in jail here awaiting trial, the court entered a "nolle prosequi" and ordered that Moore be discharged as a free man.

Attorneys of Fred Cooksey, charged with killing of Lawrence Curpate at Radnor a few weeks ago, entered a motion that Cooksey be released in vacation by the clerk of the circuit court providing \$5,000 could be furnished. This request was granted by the court.—Wayne County (W. Va.) News.

Acquitted on Murder Charge.

Following a preliminary hearing in Huntington, Dick and A. O. Walker, brothers of Catlettsburg, were acquitted of any connection with the shooting on August 15 at Salt Rock of Bob McClain, C. A. O. detective. The trial lasted several hours and about thirty witnesses were examined. The state based its case on a statement made by McClain before his death, that the older Walker "looked like the man who did the shooting." Both of the accused men, however, proved air-tight alibies when witnesses were introduced who swore that both spent the nights of August 15 and 16 in Guyandotte.

In the history of Pike county no more honest, upright or popular citizen lived than the Reverend Anderson Hatfield who died at his home on Blackberry Creek near Ransom, Ky., on March 6th, 1938.

He was born Sept. 25, 1835, joined the Primitive Baptist Church, July 5, 1863, was baptized by Elder John Ferrel, married Polly Runyon Aug. 2, 1853.
